

Professionals 4 Life Network

My name is Sandra Timco, Host of the Lumen Christi Show. I have currently come upon the wonderful opportunity to partner with the pro-life charity, Professionals for Life Network.

Professionals for Life is a group of business professionals who have decided to pull together to help the helpless. Very simply, they have committed to give a portion of the income from sales of goods and services to their favorite local pro-life charity. I have joined in this venture to help the helpless by featuring their companies on the Lumen Christi Show.

The benefit is 2 fold. By becoming one of our sponsors, your business will be featured through commercials and a 30 minute interview. Our audience has been established for 14.5 years and is viewed in over a million households. Your connection with Professionals for Life is an opportunity to create an effective and powerful tool for establishing loyal customers who want to use their dollars helping the helpless. Professional for Life will also make you part of the advertising through Radio, Cable TV, Web and social media. See sample advertisement <http://www.realestateforlife.org/Macomb/>

This rare and affordable opportunity places you and your business in front of a large audience on a regular basis and can be yours for as little as a \$500 monthly commitment. Unlike a for profit organization; we have as a nonprofit organization, the ability to triple the value of your advertising dollars. Take a look at the attached flyer for program level commitments

Remember as a partner, your advertising dollars will be stretched by getting a professionally produced 60 second radio commercial featuring your business. This will air on the "Lumen Christ Live" radio show. The show broadcasts live daily; and Sundays on the well known local Radio station, WMUZ 560 AM and 103.5 FM.

Please call me, Sandra Timco the host of the Lumen Christi show at 586-612-4290 or Rick Rosen, Business owner/member of Professionals for Life at 248-650-3333 and be a part of a solution that will affect your children and grandchildren. ***What you do today for one brings life to many tomorrow.***

PS. Please pass this email on to others whom you feel would be interested.

Sincerely yours,

Sandra Timco
